INF1005
Topics for Week 04:

- Web Standards & Validation
- Web Accessibility & Testing

Remembering the bad old days of web development…

```
1  <!DOCTYPE html PUBLIC "-//W
2  <html>
3      <head>
4          <title>Example</title>
5          <link href="screen.css" rel="s
6      </head>
7      <body>
8          <h1>
9              <a href="/">Header</a>
10         </h1>
11         <ul id="nav">
12             <li>
13                 <a href="one/">One</
14             </li>
15             <li>
16                 <a href="t
17             </li>
```

WEB STANDARDS & VALIDATION

- Overview of W3C
  - Who governs the Web?
- Web Standards
- Validating Web Pages
  - W3C Markup Validation Service
